

LOGISTICS UPON DEPARTURE

HAULING OUT

Hauling out will take place with one crane, INSIDE THE YARD HAULING BASIN (same position as per launching).

The top 3 boats IN THE LIST BELOW can proceed directly under the crane for hauling out, while all the other boats SHALL proceed back to their mooring places, and wait for Club Nautico Scarlino personnel to call them to proceed to the mooring.

The cars+trailers can enter ONLY while the boat is being called to proceed to the crane. No further trailer is allowed in the Marina apart from the authorized one.

Once on the trailer, the van/car + trailer shall proceed immediately to the BIG PARKING AREA OUTSIDE THE MARINA to mast out and to un-rig the boat.

A dedicated crane will be in the BIG PARKING AREA to cope with mast-out operations.

We remind you all that your trailers can stay in the BIG PARKING AREA OUTSIDE THE MARINA for free till to SUNDAY 27 SEPTEMBER. After this date, the parking will be UNDER PAYMENT and you should arrange directly with the Parking Machine.

1	NOR 212	WILMA (bow 193)	→ can proceed directly to the yard
2	GER 225	HEAT	→ can proceed directly to the yard
